How are we doing in the appraisal process? Was it worth the effort and the cost? Veteran buyers and sellers, lenders, agents and brokers representing lenders, SARs, realtors, builders, sellers under VA, fee appraisers and all other program participants are invited to participate in the Houston RLC appraisal timeliness and effectiveness survey. Tell us how you think we are doing in the timeliness and efficiency of VA appraisals, or about our appraisers and staff. Comment as you wish and please advise us of how our appraisals, and their timeliness in particular, compare with conventional appraisals. You may provide general comments or be as specific as you wish, and if known, tell us how many days it takes to receive a conventional appraisal after it has been ordered as compared to a VA appraisal. Just email this information to William D. Newton at Igyhurar.vba.va.gov. Please let us know the approximate number of days generally required for each type of appraisal, where you are located, and in what way you have participated or been effected by the VA appraisal process. Your comments are important to us and help us to provide better service. Thanks for your feedback and time.
