

AWARD ATTACHMENT FOR QUALIFYING VETERAN'S CHILD BORN WITH DISABILITIES

VA HEALTH CARE

As a person who has been determined to have a covered birth defect, you may receive care from any health care provider licensed or otherwise authorized to deliver health care related services in your state. VA will pay for health care relating to your disability or a condition associated with it, but not for other conditions. Payments are made directly to the health care provider based on an itemized bill submitted to the VA Health Administration Center in Denver, Colorado. The Health Administration Center will review and authorize payments.

Pre-authorization is required for durable medical equipment, professional counseling, mental health services, training, substance abuse treatment, dental services, transplantation services and travel other than by privately owned vehicles. Pre-approval may be obtained by contacting the VA Health Administration Center at the number listed below.

If your disability is spina bifida, the Shriners Hospitals for Children has signed an agreement with VA to provide care for eligible children at no cost to VA or the family. If you are interested in receiving care at a Shriners hospital, you should contact the nearest Shriners Hospital for Children or the VA Health Administration Center.

VOCATIONAL TRAINING PROGRAM

You may be eligible for vocational training and related services and assistance to help you get or keep a good job. Under this program, VA will pay all the costs of any training, including tuition, fees, books, supplies and equipment. To learn if you are eligible, you need to apply for this benefit. When we receive your application letter, we will arrange an appointment for you to come in for an evaluation of whether it is reasonably feasible for you to achieve a vocational goal.

To apply for vocational training, complete and sign a VA Form 21-4138, *Statement in Support of Claim*, and return it to the Veteran Readiness and Employment Service at the nearest VA regional office. VA forms are available at www.va.gov/vaforms. Include the following:

- A statement that you want to take part in vocational training for children with disabilities.
- Your full name, address and a telephone number where we can reach you during the daytime.
- Your VA file number, if you have one.
- The full name and VA file number, if any, of the parent on whom you based your claim for a monetary allowance for a disability.
- Your signature and the date.
